POSSIBLE CLOSURE PLANS

The school is currently making plans for if we close. DET would like learning to continue.

I am adamant that continued learning should not depend on your socio-economic status and whether you have devices or the internet.

Due to this I ask you to fill in and return the attached slip.

If your family has the capability we will be able to provide some on line learning as well as the department's new resources.

If you do not have the internet or only have one device for many students we plan to send home work and books.

I do not know at this stage how long this will be needed for and when it will be needed.

We are open to your suggestions as what would work for your family.

EXTRA SUPPORT - INTERNET

1. DET has announced today it is working with internet providers to get all students access to 4G at home. We will help you with this when we know more.
2. TELSTRA AND Optus are offering extra data – We can help you apply.

Under the new scheme, Telstra broadband users will be able to access unlimited downloads from this Thursday until April 30.

Telstra postpaid mobile customers will also be given an extra 25GB data allowance if they apply for it within the Telstra 24x7 app by the end of March, and some prepaid customers can access an extra 10GB.

Telstra's deal followed a similar mobile offer from Optus, giving its postpaid smartphone users access to an extra 20GB of data during April, and 10GB for prepaid users

CELEBRATE OUR HARD WORK!

We were in the Herald Sun on Wednesday!

EASTER RAFFLE

Due to the need to cancel the Final Assembly we will draw the Easter raffle in the office and ask children to come and collect their prize from the office.

HOT CROSS BUNS

Buns are coming home with your child on the Monday 23rd March.

Kind regards
Julie Gilbert
